Kod EAN	3452636822700
Producent	PlastyMladec

Opis produktu

ABS-T: Material suitable for printing even larger objects. It is an acetone-soluble polymer. The material is solid and tough. Difference between ABS and ABS-T: ABS-T is a material that has less shrinkage and hence can print larger objects from it. The colors are shiny and some transparent. Classic ABS is characterized by shrinkage and the colors are matte.
